

LEADERSHIP DEVELOPMENT

★ WHY WE DO IT:

For our community and businesses to thrive, we need empowered leaders to drive solutions and create change. We are committed to cultivating and growing leaders throughout their careers and equip them with the skills and knowledge to make a meaningful impact on our community.

⚙️ HOW WE DO IT:

Through community awareness, education and hands-on experiences, we create programs that prepare current and emerging leaders to step up and into our region's greatest challenges and opportunities. A more diverse and inclusive workforce is a critical component of business success. Building on the Chamber's diversity, equity and inclusion initiative, we hope to prepare leaders that are ready to listen, learn, convene and lead in the journey to create a more prosperous, inclusive and equitable community, state and nation.
